RESULTS OF THE 2005 HTA COLLEGE SCHOLARSHIP FUND AUCTION

Harness Tracks of America's 2005 College Scholarship Fund art auction, for the first time in the 28-year-history of the event that helps sends five worthy young people to college each year, was victimized by a bogus buyer. The man, a Michigan resident either unable or unwilling to pay for his purchases, seriously damaged the scholarship fund and marred an otherwise successful auction.

As a result, items on which he bid successfully and then reneged, are listed here as "Available." The complete results of the sale:
